Professional Levelling Package with IT

# Components of the Professional Levelling Package

## SP $\mu$ Level 30 (BG 840160)

$\mu$ Level Spirit Level with Bluetooth (BT 840100/1)

The precise alignment of machines is an important part of the Quality Management process. Especially in the tool machinery market precision down to a  $\mu\text{m}$  is required. The new  $\mu$ Level system is an easy to handle yet very precise system for the measurements of straightness and parallelism.

You can use it as a stand alone instrument or in combination with software which guides you through the steps and then documents the results.

You can also use two  $\mu$ levels at the same time. Where one of them serves as a continuous reference. You can also store the measurements in the unit and connect it to the software afterwards.

By using the integrated Bluetooth device you can connect the  $\mu$ Level directly to a Android smartphone or to a Windows based PC.

External Display (IT 200610)

We offer a Motorola Smartphone as an external display unit for the  $\mu$ Level. This device can be used without a SIM card.

It is rugged and scratch resistant.

By using a Corning Gorilla Glass the 3,7" touchscreen is well protected.

## Software for remote indication on Android System (SW 200190)

The software connects two μLevel systems at the same time. You can "zero" the data or show them a differential value.

Furthermore you can save and export your measured data in csv format to use them e.g. in a spreadsheet software.

## Software for the μLevel Level System (BT 840170)

The enclosed software offers a lot of measurements like straightness, flatness, parallelism of guides.

By connecting the system directly via Bluetooth to the software you can store all values and perform a report.

## Case for μLevel with Foam Inlay (BG 990108)

The rugged Case contains the following:

- 1 x BT 840100/1: μLevel unit with Bluetooth
- 1 x BT 840120: Foam inlay for μLevel case
- 1 x IT 200610: μLevel Ext. Display (107 x 59 x 13 mm)  
Motorola Defy BT WI-FI 3,7" Display
- 1 x BT 840170: Software for μLevel BG 840100
- 1 x SW 200190: Display software for μLevel on a Android basis
